Chapter 5.18 COVID-19 PANDEMIC

Section 5.18.010 - Findings of Fact.

WHEREAS, on March 11, 2020, the World Health Organization (WHO) declared the Coronavirus COVID-19 disease to be a pandemic; and

WHEREAS, on March 13, 2020, the President of the United States has declared an infectious disease national emergency to combat COVID-19; and

WHEREAS, on March 15, 2020 and thereafter the Governor of the State of Oklahoma has entered numerous Executive Orders declaring an emergency caused by the threat of COVID-19 to the people of this State and the public peace, health and safety; and said declarations are in effect for all 77 Oklahoma Counties; and

WHEREAS, COVID-19, a respiratory disease that can result in serious illness or death, is caused by the SARS-CoV-2 virus, which is a new strain of coronavirus that had not been

previously identified in humans and can spread from person to person; and

WHEREAS, the current scientific understanding of this virus from the U.S. Centers for Disease Control and Prevention (CDC) indicates that it spreads mainly from person to person, mainly through respiratory droplets produced when an infected person talks, coughs, or sneezes; and

WHEREAS, these respiratory droplets can land in the mouths or on noses of nearby people or can possibly be inhaled into the lungs; and

WHEREAS, spread is more likely when people are in close contact with one another (within six feet); and

WHEREAS, currently there is no vaccine, treatment, or cure for COVID-19; and

WHEREAS, after a period where the rise of new cases subsided, the increase in new cases and positive testing percentages has resumed and remains at an elevated level relative to previous phases of the pandemic; and

WHEREAS; since mid-June, hospitalizations have consistently remained at an elevated level that causes concern to public health officials; and

WHEREAS, students will begin returning to Edmond to attend the University of Central Oklahoma in the coming weeks, and other Educational Institutions will begin opening; and

WHEREAS, the Oklahoma City County Health Department (OCCHD) data have successfully identified safety measures that will substantially improve the City's response to this pandemic, preserving the health of the community; and

WHEREAS, one strong recommendation by the CDC and OCCHD is the adoption of a safety measure for the mandatory wearing of face coverings (masks) over the nose and mouth to help prevent air-borne virus particles from causing new infections and, depending on the design of the mask, can also help prevent the persons wearing the face coverings to not become infected with COVID-19; and

WHEREAS, with the transmission of COVID-19 and COVID-related hospitalizations continuing at an elevated level,

provisions for the safety of the life, health and property of Edmond residents are still necessary; and

WHEREAS, the City Council of the City of Edmond, Oklahoma declares that the continuing occurrence and threat of widespread or severe damage, injury or loss of life or property from COVID-19 justifies emergency action by the City to help avert such danger or damage and to protect the public health; and

WHEREAS, the City Council of the City of Edmond, Oklahoma further declares an emergency need for an ordinance including the COVID-19 safety measure for the mandatory wearing of face coverings over the nose and mouth whenever persons are in any place or setting open to the general public;
